

WHEN TECHNOLOGY...

PROMOTEUS
UNIQUE GIFTS & PROMOTION

2020
SPRING

...MEETS NATURE

Dear business partners,

Ten years ago, when our company was born, we had a vision that we would become a stable and distinguished provider of electronic advertising gifts and that we would influence the direction in which this trade would develop. Our aim has been to be the first to introduce technological innovations, supply original and fully customized gifts, and offer both premium and economical solutions. Last but not least, we have remained committed to our basic values: Our gifts must be of high quality and bring use and joy to people.

Over the course of the decade, our business field has changed and progressed significantly, be it when it comes to new technologies and their application in day-to-day life or, for example, new methods of branding. We are proud that, after satisfying tens of thousands of orders, our values have not changed. Being your innovator, adviser and reliable supplier is our constant goal.

We are sincerely grateful for your continuing confidence in us. Thank you for your long-term support and trust. Without you our achievements would not have been possible. We will do our best to remain a strong partner in your success.

Your PROMOTEUS

MEMORY – USB, EXTERNAL SSD AND HDD	3–39
POWER BANKS AND CHARGERS	40–101
GIFT SETS	102–107

PHONE AND PC ACCESSORIES	152–159
NOTES	160

General information

Standard availability of all the specified products is 2–5 weeks from the time an order is placed, depending on the type of product, quantities and potential individual requirements. Placing an order includes approval of the final design preview. We will always confirm the delivery deadline for specific products on the basis of your enquiry or order. Please give the quantities, colour, possibly the capacity and the required printing in your enquiry. Products in stock are identified with the '24h' icon and usually can be shipped within 24 hours. All catalogue numbers are unique and are used exclusively for the requirements of this catalogue. We cannot guarantee the 100% availability of all products in all colours throughout 2020.

CUSTOM-SHAPED CUSTOMER USB FLASH DRIVES

Do you long to go your own way? We will gladly help you create a USB flash drive of your own design, the only true limit being your imagination. Choose a 2D or 3D shape, the material, colour, interface, capacity and data transfer speed.

We manufacture custom-designed USB drives using the following materials:

PVC – starting from 50 pcs

Metal – starting from 500 pcs

Wood, bamboo – starting from 500 pcs

Acrylic – starting from 300 pcs

ABS plastic – starting from 1000 pcs

1-128 GB

MOQ50 

PVC, wood, bamboo, metal, plastic, acrylic

USB

2.0, 3.0

PAPER USB FLASH DRIVES

An original way to present your company data. On brochures or leaflets of all sorts of sizes and shapes, we are able to place a snap-out flash drive containing a presentation, catalogue, annual report or other message.

-  128 MB – 64 GB
-  250 
-  CMYK
-  paper, plastic
-  2.0, 3.0

WEB KEY

A WEB KEY, also known as a key to the web, is a small USB device that can easily be snapped out of its printed paper packaging. Unlike a traditional USB flash drive, it does not have any memory for saving or transferring data. This key has a sole purpose: to open a specified website immediately after being inserted into the slot. WEB KEYS achieve remarkably high 'open rates'. All data on the use of WEB KEYS in a campaign are very easy to measure.

-  250 
-  CMYK
-  paper, plastic

SNAP IT OUT OF THE LEAFLET
AND INSERT IT INTO YOUR PC

USB DRIVE PACKAGING

Pretty packaging increases the perceived value of every gift. Whether your USB drives are a luxury gift or a medium for company data, we will always recommend the optimum packaging for the specific occasion. Naturally, your logo can be placed here too.

SMART WATCH WITH BLOOD PRESSURE AND HEART RATE MONITOR

FIT025BP  90 mAh

MOQ 50      Other colours subject to request.

 pad printing, debossing

 ABS plastic + TPU

 4.2

0.96" touch-screen
Multi-language menu
Battery life: 5-7 days

Key features:

- Heart rate
Blood pressure
Sleep monitor
Pedometer, distance, calories
In-phone GPS
Time + date + stopwatch
Notifications (calls, messages, etc.)
Camera release

SPORTS SMART WATCH WITH BLOOD PRESSURE AND HEART RATE MONITOR

FIT057 180 mAh

MOQ 50 Other colours subject to request.

pad printing, debossing

ABS plastic + TPU

4.2

1.3" touch-screen
Multi-language menu
Battery life: 5-7 days

- Key features:**

 - Heart rate
 - Blood pressure
 - Blood oxygen
 - Sleep monitor
 - Fatigue test
 - Pedometer, distance, calories
- Multi-sport mode
 - In-phone GPS
 - Time + date + stopwatch
 - Notifications (calls, messages, etc.)
 - Camera release

WATCH-STYLED FITNESS BAND

FIT056 90 mAh

MOQ 50 Other colours subject to request.

pad printing, debossing, other possibilities on request

ABS plastic + TPU

4.2

0.96" touch-screen
Multi-language menu
Battery life: 5-7 days

- Key features:**
- Sleep monitor
 - Pedometer, distance, calories
 - In-phone GPS
 - Time + date
 - Notifications (calls, messages, etc.)

 - plastic, aluminium
 - Bluetooth
 - Apple
 - Android

removable
remote release

tripod

LCD VIDEO BROCHURES

LCD VIDEO BROCHURES are extremely effective presentation and promotional tools. This combination of high-quality video and a luxury, full-colour-printed paper brochure guarantees that your promotional message will affect everyone that receives it. An LCD display of the required size inserted in a presentation file printed with your design. Sound plays through an integrated speaker or, optionally, through earphones. We can add volume control buttons or video and language version switches.

Practically everything can be adapted to your requirements and wishes. Besides standard shapes and features, we also make many special versions, for example:

VIDEO BOX

It is a combination of a presentational video, manual, etc. with a product offered or a gift. All this is packaged in a luxury box.

VIDEO BOOK

This multi-page video brochure with an LCD-display-sized window automatically starts playing a different (pre-set) video when a page is turned. Each video can therefore be supplemented with corresponding graphics.

7" VIDEO BROCHURE

VID011  1200 mAh, 128 MB - 4 GB

Resolution: 800 × 480, presentation size (closed): A5, video format: AVI, MP4, on/off switch: magnetic, battery life: up to 2 hours of playback, up to 3 months on standby.

MOQ 20 

 CMYK

 210 × 148 × 12 mm

 paper, LCD

5" VIDEO BROCHURE

VID012  500 mAh, 128 MB - 4 GB

Resolution: 480 × 272, presentation size (closed): A5, video format: AVI, MP4, on/off switch: magnetic, battery life: up to 2 hours of layback, up to 3 months on standby.

MOQ 20 

 CMYK

 210 × 148 × 12 mm

 paper, LCD

4.3" VIDEO BROCHURE

VID013  500 mAh, 128 MB - 4 GB

Resolution: 480 × 272, presentation size (closed): A5, video format: AVI, MP4, on/off switch: magnetic, battery life: up to 2 hours of layback, up to 3 months on standby.

MOQ 20 

 CMYK

 210 × 148 × 12 mm

 paper, LCD

2.4" VIDEO BROCHURE

VID014  500 mAh, 128 MB - 4 GB

Resolution: 320 × 240, presentation size (closed): A7, video format: AVI, on/off switch: magnetic, battery life: up to 2 hours of playback, up to 3 months on standby.

MOQ 20 

 CMYK

 105 × 74 × 12 mm

 paper, LCD
