

Data and power cable with USB-C (Type-C) adapter

Data and power cable with USB-C (Type-C) reduction. Data and charging cable in modern metallic colors made using high-quality textile, with USB and micro USB connectors. The micro USB connector is equipped with removable reduction to USB-C (Type-C). The new USB-C (Type-C) connector for USB 3.0 is the future - and it's good to be ready for it. The cable can be used for USB 2.0 and 3.0.
