

ELEGANT HIGH-CAPACITY SLIM POWER BANK (PORTABLE CHARGER) 10000 mAh

Superb design, elegant flat case in imitation leather with a large area for printing. High-capacity, built-in power cable and indicator showing remaining capacity with the aid of four diodes. Dual - allows charging of two devices simultaneously - apart from a built-in cable, it also has a USB port for a standard power cable. Owners of newer versions of the iPhone will be delighted by the micro USB to Lightning connector adapter which is included. Thanks to the slim design and size which is no more than the size of a mobile telephone with a 5" display, you can carry this model of power bank with you in your pocket or hand luggage all the time and charge your mobile devices with the built-in cable whenever you need. The power bank is charged via a computer USB connector (or mains adapter). The fully charged power bank provides 4-5 charges for a mobile telephone depending on the battery capacity of the telephone. Charges iPhones, mobile telephones, MP3 players and cameras etc.

Product code: PBA10089

Minimum order: 50 pcs

Availability: 3 - 5 weeks

More parameters:

Battery: 10000mAh (Li-Pol type, A Class)

Input value: micro USB 5V/1500 mA
