

## Slim power bank with suction cups and inserted power cable, 4000 mAh

This elegant, slim power bank with a capacity of 4000 mAh, of a metal design represents a practical aid for charging your mobile devices. Thanks to the practical suction cups located on the back side and to its thin design, the use of this external charger is pleasant and unobtrusive. It also includes a removable cable with a micro USB connector or with another required plug. The power bank with a 5V/1.5 A output is suitable for charging mobile phones, tablets and other devices. You can choose from several colours and you can enhance the power bank with a customized imprint.
