

Elegant power bank (portable charger) with built-in cable, 5000 mAh

ELEGANT POWER BANK (PORTABLE CHARGER) WITH BUILT-IN CABLE, 5000 mAh. Elegant flat design with a large area for promotional print. Built-in charging cable for electronic devices with micro USB connector and additional micro USB to Lightning connector adapter (for iPhone 5, 6 and, 7; iPad 2, Air, Air 2; iPad Pro; iPad mini). USB port for charging two devices simultaneously (one using the built-in cable, the other using the charging cable which is included) and diodes showing the remaining capacity of the power bank. The power bank is charged via a computer USB connector (or mains adapter), and you can then charge your mobile telephone or other device via micro USB or another connector. The fully charged power bank provides 1-2 charges for your mobile telephone or other electronic device depending on its battery capacity when needed. Charges iPhones, mobile telephones, MP3 players, iPods, iPads, tablets, e-cigarettes, cameras etc.

Product code: PBA5074
