

## Menu power bank (portable charger), dual, 12000-20000 mAh

MENU POWER BANK (PORTABLE CHARGER), DUAL, 12000-20000 MAH. Menu power banks are a very effective advertising tool and also complementary service for operators of restaurants, cafés, shops or hotels. They are also suitable for conferences and other mass events. Printed advertising material or menus can be changed at any time according to requirements. High-powered LED lighting can greatly accentuate your advertisement. The product includes a lock to protect against theft. The power bank is charged via a computer USB connector (or mains adapter), and you can then charge your mobile telephone or other device via micro USB or another connector. The fully charged power bank provides 5-8 charges for a mobile telephone depending on its battery capacity. Charges iPhones, mobile telephones, MP3 players and cameras etc.
