

## GRAVITATIONAL PHONE CAR HOLDER WITH WIRELESS CHARGING AND LED LOGO

This modern wireless car phone holder with illuminated LED logo is designed for convenient charging or storing your mobile device in your car. The holder is powered from a USB adapter in the car and can be fixed to a ventilation grille or attached directly to the dashboard using its 3M sticker. The holder features a gravity-operated automatic closing function when a mobile phone is inserted. Wireless charging of Qi phones then starts automatically. You can further enhance the original look of the holder with an illuminated LED logo and full-surface colour CMYK print. The colour holder accessories can be tuned to your own Pantone colour.
