

INDUCTION WIRELESS POWER BANK WITH THE OPTION OF CMYK + LED LOGO, 2000-5000 mAh

Unique wireless power bank with a capacity of up to 5000 mAh and extensive branding options, such as an embossed blanket imprint and LED lighting of the selected parts of your graphic design. Experience the future of charging today! A combination of a classic power bank and wireless (induction) charging technology has resulted in a revolutionary, yet universal gift for everybody! Of course, you can use also an USB output for standard charging with USB cable. A sure hit for everybody who follows the latest trends and goes with the flow. Induction charging means you simply place a Qi-equipped smartphone on the power bank and it starts charging. If your telephone (or other mobile device) does not have this function, no problem! You can add an external wireless receiver (can be included in the package) and charge wirelessly or charge normally via USB cable. Our wireless chargers are suitable for all smartphone or iPhone models equipped with a receiver for wireless charging.

Product code: PBQ5000
Minimum order: on request
Availability: 3 - 5 weeks
