

## METAL SLIM POWER BANK WITH WIRELESS CHARGING AND SUCTION CUPS, 5000 MAH

This slim, practical wireless power bank with suction cups is ideal for charging your mobile phone anywhere. The elegant metal case features suction cups for securing a mobile phone and ensuring precise alignment for effective charging. This external charger works through wireless induction charging, meaning you just need to attach the phone - no more cables! If your mobile device does not support induction charging you can connect a universal external receiver. The capacity of the power bank is 5000 mAh. You can choose from several colors and also enhance the power bank with the printed or engraved motif of your choice.

**Product code:** PBQ5050

**Minimum order:** 50 pcs

**Availability:** 3 - 5 weeks

### More parameters:

Allows the wireless charging of mobile phones supporting the Qi wireless charging standard.

USB port for charging smartphones (Android), iPhones, Windows Phones, iPads and tablets (Android), and also a wide spectrum of electronic devices (cameras, video cameras, navigation devices, portable electronics, e-cigarettes, e-readers, portable games consoles, etc.)
