

DUAL POWER BANK WITH WIRELESS CHARGING, SUCTION CUPS, INTEGRATED CABLES AND LED LOGO, 8000 MAH

This wireless power bank with integrated cables and suction cups is equipped with wireless technology and 8000 mAh battery. It ensures your devices are charged instantly, even without cables. You start charging your device by simply placing it on the power bank. It can charge various smartphone types. It includes built-in USB-C (Type-C) and Lightning (iPhone) charging cables. The suction cups hold the device being charged and the external battery together simply and firmly. The black power bank version can be supplemented with an impressive white LED logo and the white version with a colour print. Both versions have their own magic.

Product code: PBQ8010

Minimum order: 1000 pcs

Availability: 3 - 5 weeks

More parameters:

Allows the wireless charging of mobile phones supporting the Qi wireless charging standard.

USB port for charging smartphones (Android), iPhones, Windows Phones, iPads and tablets (Android), and also a wide spectrum of electronic devices (cameras, video cameras, navigation devices, portable electronics, e-cigarettes, e-readers, portable games consoles, etc.)

Battery type: Class A lithium polymer

Battery capacity: 8000 mAh

Full charges of a standard mobile phone battery using the USB port: 1.75 x

Wirelessly charging a standard mobile phone battery to full capacity: around 3 h.

Connectivity: Micro USB (input), USB-A (output), Wireless induction 5 W (output), built-in USB-C (Type-C) cable (output), built-in Apple Lightning cable (output)

Input voltage and current: DC 5 V / 2 A

Output voltage and current: USB DC 5 V / 2.1 A (total for all outputs), Wireless induction 5 W (5 V / 1 A)

Capacity display: LED diodes

Material: plastic
