

WIRELESS TWS BLUETOOTH EARPHONES WITH EMBOSSED LOGO

These genius wireless TWS Bluetooth headphones can be connected together to create tuned stereo sound. The headphones feature surfaces suitable for your own (and whole-surface CMYK) printing or for an embossed logo. Both the headphones and the box can be manufactured using customised Pantone colours. Each package contains a set of attachable adapters in several sizes enabling maximum adaptation to every listener. The TWS (True Wireless Stereo) technology enables the wireless connection of headphones, which then synchronise to provide stereo playback. The wireless connection uses Bluetooth 5.3 energy-saving technology with a range of up to 10 metres. Each headphone has a battery of 70 mAh capacity for 2-3 hours of undisturbed music. The charging box with a 650 mAh capacity then allows you to recharge the headphones up to 4 times.

Product code: PHO074

Minimum order: 50 pcs

Availability: 2 - 4 weeks

More parameters:

Stereo wireless earbuds with wireless connection to the player (compatible mobile phone or tablet).

Type: In-ear (buds), the package includes a set of different-sized tips

Construction: 2 x module with tips, integrated microphone, charging box

Battery type and capacity: Lithium polymer, 2 x 80 mAh (modules), 700 mAh (charging box)

Power supply: Placement into charging box, up to 4 charges of both earbuds

Duration of playback per charging cycle: 4-6 h

The speaker can output any frequency within the range of: 20 Hz - 20 kHz

Signal to noise ratio: greater than 96 dB

Impedance (resistivity): 16 ohms

Handsfree support

Connectivity: Wireless Bluetooth, True Wireless Stereo connection (1x full-range transducer, 1x passive emitter), A2DP, AVRCP, HFP, HSP profiles, 3.7 V / 0.5 A

contact pins (earbuds charging), 5 V / 1 A micro-USB (charging box)

Bluetooth: Version 5.3, range of up to 15 m

Material: plastic, silicone
