

3-in-1 multifunctional cell phone stand, finger ring and car vent phone holder

Practical items with multiple functions are always the best, and proof is this 3-in-1 phone support, finger loop and vent holder. Its modern design has resulted in a proper finger ring for comfortable and stable phone holding and also fixing to a car vent. The finger ring means your mobile phone is less likely to be dropped, while the ring also serves as a practical support when watching a video, for example. This modern design is just asking to be improved with a full-colour print using an epoxy logo on the main part of the holder. You can also choose from several elegant colours for the metal.

Product code: POU024

Minimum order: 100 pcs

Availability: 2 - 4 weeks
