

MINI CUBE BLUETOOTH SPEAKER WITH LED LOGO AND TWS FUNCTION

This practical mini cube Bluetooth speaker surprises with its quality sound and the optional TWS function for proper stereo listening. The elegant and compact body conceals a wireless speaker using Bluetooth 5 technology with a connection range of up to 10 metres. Use the TWS (True Wireless Stereo) function to connect to a second wireless speaker for genuine stereo sound. Its carabiner allows the speaker to be attached to a bag or anywhere else and music to be enjoyed even when travelling. The battery capacity for playing music is 300 mAh. The speaker can also be supplemented with a print or an impressive LED illuminated logo.

Product code: SPE088LED
